SWEET ANNIE BY CHERYL ST. JOHN PDF

Annie Sweetwater Wasn't Like Other GirlsAll her life everyone she'd ever known had told her so. Except Luke Carpenter, who never let her limp blind him to seeing her as she really was: a woman grown, full of dreams, desires and hopes for a future—with him! Luke Couldn't Remember A Time When He Hadn't Loved HerTo her family, she was a Dresden doll in a wheelchair. To Luke, She was his Sweet Annie, a woman of surprising gifts, with a heart as open as the wide Western sky. And he'd risk anything to make her his bride!

An inspiring romance
By Sharon Galligar Chance
Every once in a while, a book comes along that touches your heart and soul. Sweet Annie by Cheryl St. John is one such book.
This is the inspiring story of Annie Sweetwater, a young girl who has been coddled by her protective parents because of an illness that has left her weak and unable to walk well. When a young boy named Luke Carpenter dashes into her life, Annie discovers she longs for a world beyond her wheelchair. The resulting story is one of inspiration, love and strength.
Cheryl St. John has a wonderful gift for writing beautiful stories that not only entertain, but make you think.

Good, but -- again! Something doesn't fit!
By SusieQ
I love the premise of this book. Who can resist a handsome, loving man who's encouraging the semi-crippled heroine (more crippled by her family than in any physical way) to try her wings? And he's loved her since she was a lonely 10 year old!

The story is perfect while the romance, and the heroine's growth from shy & sheltered daughter into a strong, capable wife & woman, is occurring. But then the author throws a BIG left curve SPOILER ALERT // by having the heroine reject her wonderful husband after she loses their baby in an accident.

It just did not make sense to me that Annie could absolutely turn away from Luke for weeks; go home to her family & leave him with all that grief to carry alone, after EVERYTHING they had experienced together and been to each other before the loss. It spoiled the story for me, frankly. I can't rate this story more than three stars because of the frustrating lack of sense that the last third of the book suffers from!

I truly like Cheryl St. John's writing...I always "like" her books, but they always just miss that four-star review from me. There's always something that just doesn't spark; she keeps missing the "keeper" button in my mind. In this book, I know what it is --the stupid last third of the story--but in her other books, I don't know what it is that keeps her from being a "keeper". Still, I continue reading her because I hope to find that one day, Ms. St. John's writing will become not just very good, and very readable, but great.

Sweetest Romance You'll Ever Read
By Carol Carter
SWEET ANNIE By Cheryl St. John
Annie Sweetwater was born crippled, lives in a wheelchair, and is never permitted to do anything that might endanger her. At her tenth birthday party, a visiting Luke Carpenter takes her for a horseback ride and she soars with a sense of freedom; a sensation quickly quenched when an overly-protective brother beats Luke when they return from riding. Annie's entire family shelters and keeps her child-like, but her mother is the most dominating figure, intent on keeping her daughter dependent. She continually reminds Annie that she is not like other girls and never will be, leaving a sensitive young girl feeling suffocated and useless with no self-worth at all.
It is ten years later when Annie's life begins to change, and a chance stop at the livery stable is the beginning of one of the sweetest romances you'll have occasion to read. Luke is one of the most sensitive heroes Ms. St. John has created. He's not only handsome, he's compassionate, protective, and oh-so loving and thoughtful. He's a man any young girl in town would be thrilled to have as a suitor, but it's Annie who captures his heart. He sees her as a beautiful young woman and, through his love and tenderness, she begins to see herself that way too. Readers will see a young, sheltered girl mature into a determined, independent woman deserving of Luke's adoration.
As in her former title THE DOCTOR'S WIFE, Cheryl St. John writes another emotionally-driven plotted tale in SWEET ANNIE. She touches on many sensitive issues, including a physically challenged person, a battle of wills between a dominating mother and her daughter; an over-protective family; an unexpected death; rich vs. poor; struggle for acceptance; and much, much more. Cheryl St. John delivers a beautiful, well-written story to touch your heart. She'll have you cheering for Annie and falling in love with Luke. Like Caleb in her title THE DOCTOR'S WIFE, Luke is a hero to die for. SWEET ANNIE is a romance that will end up on your keeper shelf, and one I highly recommend for your reading pleasure.
