He is obviously a philosopher with great insight into the human condition

By Chris Gregory

Robert Fulghum has written a friendly, warm, inviting accumulation of short stories, introspections, and observations. He is obviously a philosopher with great insight into the human condition. Fulghum has lifted my spirits during times of life's dark clouds with excerpts such as this:

"And then remember the Dick-and-Jane books and the first word you learned - the biggest word of all - LOOK."

Everyone should have the good fortune to read Fulghum!

Love this! Some things never go out of style. If they do, bring them back.

By Faye B

This book is very simple, but true. I had an old paperback for years. I bought a hard copy for my grandson's girlfriend. She is working on her Masters to teach young children. She love it. I bought a new copy for my self.
