Awesome layman's commentary

By David C. Leumont

Dr Wiersbe's Bible Exposition Commentary of the NT is a superb commentary set of the NT. His writing is supremely readable and easy to understand. He discusses many controversial topics that are pertinent to today's society and gives good references for his ideas. Wiersbe teaches from a conservative Scriptural basis, but is not unduly literal. Wiersbe covers an amazing amount of information within these two volumes. I use these more frequently than any other commentary set that I own. He adds history and some lexical analysis where it counts to help the reader understand key Biblical concepts. I currently own these and the BE commentary on the Pentateuch. I can't wait to complete my set.

While we use the word "layman" to describe the commentary, it is useful for people of all levels of

knowledge and application. I use it frequently in my pursuit of my seminary masters degree.

I hope these help illuminate God's Word to His students.

God bless you.
