CHRIST AND SOPHIA: ANTHROPOSOPHIC MEDITATIONS ON THE OLD TESTAMENT, NEW TESTAMENT, AND APOCALYPSE BY VALENTIN TOMBERG, R.H. BRUCE PDF

In these astounding meditations on the true Christian nature of the scriptures, Tomberg shows how the central story of entire Bible is really a history of the Christ being. He describes the cosmic and earthly preparations for the Mystery of Golgotha, its significance and results for humanity and the world as a whole, and the central role of the Sophia being and her relationship to the Christ, the Holy Spirit, the Disciples and Pentecost, and all of humanity. He also imagines the Grail nature of the Christ's involvement in earthly history. All of Valentin Tomberg's profound studies are finally available in a single volume! Drawn from four difficult-to-find and out-of-print editions, this completely revised and updated text includes Tomberg's anthroposophic meditations on the Old Testament, the New Testament, and the Apocalypse, while the appendix contains his final, unfinished work, "The Four Sacrifices of Christ." Christ and Sophia contains all of Valentin Tomberg's essential anthroposophic works on the scriptures, providing an invaluable resource for anyone who wishes to gain a deeper understanding of Rudolf Steiner's spiritual scientific approach to esoteric Christianity, as revealed by a close, meditative reading of the Bible—from Genesis to John's Revelation. This volume contains English translations of these works by Valentin Tomberg: *Anthroposophisch Betrachtungen über des Alte Testament*; *Anthroposophische Betrachtungen über das Neue Testament*; *Geisteswissenschaftliche Betrachtungen über die Apokalypse des Johannes*.

Awesome... but esoteric!

By Alexander Kieding

One thing to keep in mind: The author of these amazing studies did not want them to be republished. They were intended for readers with a very specific knowledge and training, and this particular audience ended up rejecting, or becoming enemies over, this teaching. So, in his older days, the author felt it was just as well they be forgotten. This ought to be mentioned, as the author only was in his thirties as he was inspired to write them down. Having said that, I must confess: The study of this material has indeed brought suffering

into my life as well... but a good one. Blind eyes opened to the light will burn. True insights increase true suffering. But it also increases the capacity to live with it, and even to let it soften the heart. So beware of this book. It is contaminated with truth less diluted than we are used to. Its only protection is that it presupposes a good familiarity with the works of Rudolf Steiner. This has, in the past, not proven to be enough. And the future? Well, what we can predict we cannot change. And what we can change, we cannot predict. Aristotle said that. I predict it will be said again. The path to real truth is strewn with real thorns, no book will change that fact. On the contrary, some books will awaken us to it.

You will enjoy it.

By Maricarmen San Mamés

In my opinion this is a great book, definitely is not a sequel to Rudolf Steiner. If you are an independent thinker, not subordinated to controlling religions, dogmas or associations, you will enjoy this enlightening literature. Valentin Tomberg developed his own insights in addition to writings by Steiner and for that very reason Tomberg has been largely attacked. Anyone who tried to go further from Steiner ideas was considered kind of traitor to Anthroposophical Society. As I feel more comfortable with Tomberg's Neo-platonist drive than with Steiner's Aristotelian trend, I have been really enjoying Christ and Sophia. Allow your intellect to reap benefit from this reading. I highly recommend Tomberg's Christ and Sophia, and Meditations on the Tarot too.

Very Clarifying Book

By Derek Irving

I see this book as complementary to Rudolf Steiner's publications concerning the importance of the mystery of Golgotha as an inflection point in the history of humanity. But I am not sure you need to be familiarized with Rudolf Steiner's books to read this one, although it would probably help. This book takes you step by step from the Old Testament, New Testament and Revelation through the preparation, execution, meaning and result of the mystery of Jesus Christ coming to earth. The book is very well written, very coherent and deep. It is a must buy book for any one of any religion who wants to taste a very interesting and convincing interpretation of the mission of Jesus Christ. Due to the depth of the book it will probably deserve reading it several times.
