As one of the home window to open up the new world, this *Essential Words For The GRE, 4th Edition (Barron's Essential Words For The GRE) By Phillip Geer* offers its incredible writing from the author. Published in one of the popular authors, this publication Essential Words For The GRE, 4th Edition (Barron's Essential Words For The GRE) By Phillip Geer turns into one of the most ideal books just recently. Actually, guide will certainly not matter if that Essential Words For The GRE, 4th Edition (Barron's Essential Words For The GRE) By Phillip Geer is a best seller or otherwise. Every book will certainly consistently offer best resources to obtain the user all finest.

However, some individuals will seek for the best seller publication to check out as the first recommendation. This is why; this Essential Words For The GRE, 4th Edition (Barron's Essential Words For The GRE) By Phillip Geer is presented to satisfy your need. Some individuals like reading this book Essential Words For The GRE, 4th Edition (Barron's Essential Words For The GRE) By Phillip Geer as a result of this preferred publication, but some love this due to preferred author. Or, several also like reading this publication Essential Words For The GRE, 4th Edition (Barron's Essential Words For The GRE) By Phillip Geer due to the fact that they really should read this book. It can be the one that actually love reading.

ESSENTIAL WORDS FOR THE GRE, 4TH EDITION (BARRON'S ESSENTIAL WORDS FOR THE GRE) BY PHILLIP GEER PDF

An extensive working vocabulary is a prerequisite for test-taking success on the Graduate Record Exam. This book presents 800 graduate-level words with definitions that frequently appear on the exam. Words are used in different contexts to familiarize test takers with their many variations. The book's additional features include a pre-test that helps to diagnose weaknesses, a lengthy word list with extensive practice exercises, and a chapter that discusses and analyzes essential word roots. The book concludes with a post-test to assess progress. Answers are provided for all exercises and for all questions in the pre- and post-test.

All GRE takers should buy this. Now. And rush the shipping.

By AKB

I just finished taking the GRE last month - I had only 3 weeks to study because of an administrative glitch, so I needed a good resource and some quick shipping (thanks, Amazon). For my overall study guide, I picked Princeton Review based on previous use of their products and the overall positive reviews, and I was generally very pleased with it and its ability to help me work through the entire test prep matter in 3 weeks. That said, I could not have achieved my verbal score of 770 without this book from Barron's. I'm actually not sure I would have come closer than 700-720....it's that good. A reviewer for the Princeton Review general guide recommended this Barron book and I must second that review and all other five-star reviews here. The word list is EXTREMELY comprehensive and the exercises and 10-word unit breakdown really help you learn. I wound up going unit by unit. For each one, I'd read all the words and definitions and identify the ones I didn't know (or didn't "really" know...maybe I had a hunch but not a clear sense). For those unknown words, I wrote them down in a notebook, with a definition in my own words and a sentence I made up myself (Barron's also has sentences which will help you understand the word better but I think making up your own definitions and sentences and then writing them down helps it sink in). After working through all 80 units (whew) I turned to the notebook list of "trouble" words and basically quizzed myself and had others quiz me in multiple rounds, where in each round I highlighted the words I still didn't know, until that list got smaller and smaller and then disappeared. It was a lot to do in three weeks but Barron's really helped me focus. Seriously - get this book and you will maximize your score. For people like me whose verbal and essay scores are most important, this book is really worth the time it takes to work through. Get it! Get it now! Good luck, everyone!

Awesome Prep for the GREs

By Jordanna

When I was studying for the GREs, I became a crazy person. It is difficult to improve your verbal score, so I knew that I needed an extra study aid to memorize the necessary vocabulary words. I decided to purchase this book in particular because of the great reviews. Needless to say, the reviews were accurate and the book was amazing!!

I would go through a chapter and make an index card for each word that I did not recognize. I used colored index cards (green for positive words, red for negative, etc.) and on the back I divided it into four squares (short definition, synonyms, antonyms, and an illustration of the word...it sounds crazy but it worked!). The end of each chapter included several exercises for the new terms (matching, true/false, and filling in the blanks). I found this extremely helpful; it was engaging and stimulating, which is important when you are studying mundane vocabulary terms. I completed the entire book and managed to memorize the unfamiliar words. I believe that my success on the verbal section of the GREs (I managed to get a 162!) are due, in part, to the activities and words found in this book.

As a poor college student, the price of this book was AWESOME. That along with the fact that it was super helpful makes it a great purchase!

Helpful in getting those few extra words

By M. Shigley

The layout of this book is pretty efficient for reading words and seeing them in context. The drills after every ten words also helps cement them in place. I only had two weeks before the exam so I had to read large chunks at a time. This approach probably hindered my ability to absorb some of it as I would start drifting while reading. After going over the 800 words, I only had time to scan the 300 roots. I strongly recommend that if you do decide to use this book, you give yourself enough time to go over the 800 words and the 300 roots. In fact, if I had to do it over again, I'd make sure I got through the roots before tackling the words.

Having said all that, the only complaint that I have is that as a Christian, I started to grow weary of reading numberless passages that either stated or implied that I am a rube for believing that the Bible is true.
