Simply the Best

By Leah

"Let's Go Soulwinning" was the best book on soulwinning that I have ever read. I really liked the beginning of the book where it said that there are 4 commands. Teach, go, baptize, and teach again. Often, we do the first 3 steps, but leave out the last one. That is probably one of the most important steps. If we don't teach them how to win others, how do we expect to see many souls converted? We can't do it all by ourselves. We need help. I really liked the end (step 34) where Dr. Hyles showed us how he does it. I like every step he took to getting that soul converted. He presents the gospel in a unique, interesting way that keeps the lost souls interested. It doesn't sound like he is just rambling on and on. I admire Dr. Hyles and I wish that I had the opportunity to go soulwinning with him. He is a man of God and I could learn a lot from him to further my soulwinning approach
