MY STORY BY MARILYN MONROE PDF

Written at the height of her fame but not published until over a decade after her death, this autobiography of actress and sex symbol Marilyn Monroe (1926-1962) poignantly recounts her childhood as an unwanted orphan, her early adolescence, her rise in the film industry from bit player to celebrity, and her marriage to Joe DiMaggio. In this intimate account of a very public life, she tells of her first (non-consensual) sexual experience, her romance with the Yankee Clipper, and her prescient vision of herself as "the kind of girl they found dead in the hall bedroom with an empty bottle of sleeping pills in her hand."

The Marilyn in these pages is a revelation: a gifted, intelligent, vulnerable woman who was far more complex than the unwitting sex siren she portrayed on screen. Lavishly illustrated with photos of Marilyn, this special book celebrates the life and career of an American icon?-from the unique perspective of the icon herself.

A "True" Anecdotal Voice of Marilyn, Ending too Soon

By Vazhaspa Spitman

The book seems sincere in its account of Marilyn's early life. But as to its authenticity, raised by many, I

Couldn't put it down

By Crystal Lewis

I never read books quickly, but I read this over two days. I have always felt something for Marilyn- love, understanding, and respect.

This book ends abruptly and I feel it is incomplete. Much like her own life, ending too soon. I am not disappointed as I know she shows parts of herself that she wants us to see and the dozens of biographers since her death have filled in the rest for us.

What makes this special is that it is her own words. Her own musings on life, love, and men and women in general.

Regardless of whether you have read other bios or not, this is an excellent read for any Marilyn fan, and the photos are worth their weight in gold.

Oh, what a world

By William Rabbitt

MM short biography went to the factual and not the fiction. Short reading. I had a sense that Ben Hecht really controlled much of the text. Knowing that MM was a very intelligent person and not often outfoxed she could have written most of the book on her own. Too many times in the book it just feels like MM's persona is manipulated by Hecht. Joshua Greene has some gall writing the forward on MM when the Greene family still squeezes every dime possible even today. They were greedy when she was living and continue to do so in death. Then again all too many people (including DiMaggio and Miller) had their own best interests at heart. What a tragic life given all the sharks circling around her right up to the end...the Kennedys.
