Thoughtful novella about new beginnings

By Philologus

It is unusual for me to pick up a novella, but the blurb intrigued me. First off, this is a shorter story but packed with action, twists and turns and two well-developed characters. Though cheating is certainly a hot-button subject for me, the story was thought-provoking: what if? can something like that happen to me? With a few decades under my belt life is not always so clear-cut and this novella had food for thought. Add some hot scenes and it made a pretty entertaining read. Well edited too.

Wonderful Read! I wish this would have been a full length novel, I'm usually don't buy short reads, but this is brilliantly written and the characters are well developed and complex, steamy sex scene, oh, did I forget, love.
