Most Amazing Book about Desert plants, planting, care, etc. etc, etc.

By Ann Hathenbruck

This book is amazing! The woman who made this garden is amazing herself! She is 106 years old! I poured over this book for hours. We moved from cold Northern Utah to the Southwest desert in Utah and I wanted to find a book on Desert plants. This is absolutely "The" book. It tells about the plants. Has wonderful pictures. And water conservation, etc., etc., etc.. And it is a hardback with a cover. If you love Desert plants you have to have this book!
