Danielle left home for an education, but little did she realize the kind of education she would get at college, especially when she accepted an invitation to the country home of a girlfriend. She was young and beautiful, and eager to experience life. And at the Country House were shrewd people who knew well the ways of eager young girls, and would draw her skillfully along the path to deeper and deeper perversion and submission. Without even being aware of it, Danielle's inhibitions were scoured away, her desires raised to new heights, her body and mind prepared for a life of sexual pleasure, discipline and obedience to anyone who desired her. And everyone desired her.

Lots of lesbian sex

By Susan ML

I was surprised the book description didn't identify that it contains more lesbian encounters than man/woman sex. A little disappointed since I'm not into that scene at all, but the book was well written overall

Heroine brings a lot of gusto to her slave persona

By pinocchio

Argus' stories are pure porn, and usually a bit grim for my taste, but for some reason I liked this one. The h brings a lot of gusto to her slave persona.
