The Ultimate Revenge

By Boyko Ovcharov

Basically, this book is very positive and constructive, straight-to-the-point, practical, amusingly mind-opening, mercilessly challenging some deeply-rooted stereotypes, and evoking many really useful tips for everyone's daily life.

In the mean time, its style is quite delightful and yet so "beefy".

Personally, I believe that only a person who has been through all the tests and difficulties of this present-day existence, including human dramas and complete changes of heart, could give such wise, intelligent and original advice to others.

So far, my relatively objective impression from James as an author has been excellent. In fact, you may check that up for yourselves as well!

These articles did not click with me

By Johann David Renner

Unfortunately, these articles did not click with me. I gave up half way through. They are not funny - certainly not in an intelligent or witty or humorous way - and whether or not they are of any practical use, one could argue about. I think they are impracticable and at best useful as a kind of mildly entertaining read.
