Weekly tranquility in paper form :)

By S. J. Branson

The inspirational messages in this calendar are wonderful - uplifting, and something to ponder upon. I received this calendar as a gift from a friend, and I am grateful :)

The calendar is perpetual - you choose which page to show each week, and if you like it you can keep it the following week! If you haven't used the day spaces, you can come back and use the page again in the future! In this regard you can get much more than a year's use from the calendar.

There are a lot of beautiful scenes portrayed within the calendar, and the layout is lovely. The images take up both sides of each page spread. There are faded boxes for each week day (starting Sunday) in which to write reminders and such, and one uplifting message per page.

All in all, a very positive and motivational calendar. One thing to note though - I did have to add my own holes in order to hang up the calendar! It was simply a matter of hole punching the edge..
